***The security features listed below, exceed industry guidelines***

**Security Features:**

**True Watermark**

**Chemical Protection**

**Visible Fibers**

**Invisible Fibers**

**Warning Band**

**Microprint**

**Toner Grip**

**Description of Features:**

- Paper with unique security images embedded into the paper which can only be viewed by translucent "pass through light"
- When chemically altered, the area treated will appear as a brown stain or spot.
- Visible blue & red fibers randomly embedded into paper on both sides makes duplication difficult.
- Fluorescent fibers which only show up under a UV blacklight.
- Alerts handler the document contains security features.
- Signature lines appear as dotted lines when copied.
- Paper is treated with a Toner Adhesion Coating. If attempts are made to alter the document text appears broken.
